Appeals Procedure

PURPOSE

South Sydney College is committed to providing quality training and assessment in accordance with the Standards for Registered Training Organisations (SRTOs 2015) and the National Code of the Department of Education and Training.

This Procedure serves as the guide and reference document for the Appeals handling process of South Sydney College.

Changes to this Procedure must only be made upon approval of the CEO.

SCOPE

South Sydney College acknowledges the student's right to lodge a complaint or appeal when they are dissatisfied with the training and/or assessment services and experiences that they have been provided by South Sydney College or by a third-party provider (if applicable).

South Sydney College ensures that clients have access to a fair and equitable process for expressing complaints and appeals, and that South Sydney College will manage the complaint by implementing principles of natural justice and procedural fairness.

With this, South Sydney College ensures that:

1. It has a procedure for collecting and managing complaints and appeals in a constructive, timely, confidential and sensitive manner.
2. These procedures are communicated to all staff, contractors, third party partners and students.
3. Each complaint and appeal and its outcome are recorded in writing.
4. Complainants and appellants are given written statements or communication of the appeal or complaints handling outcomes, including decision and reason for the decision.
5. Outcomes of complaints and appeals are utilised to review current practices which may potentially lead to continuous improvement initiatives in order to mitigate the likelihood of the complaints and appeals.
